

**TTT WELCOMES OUR MEMBERS TO ENJOY THE HOLIDAY WEEKEND  
& ENJOY CAMPING AT THEIR SITES**

Unfortunately, COVID-19 has changed everything normally planned for activities and all have been canceled for this season. We are following the state and county restrictions. We ask that you and your family practice social distancing (6 feet) and wear masks when off your site as required in California.

Remember guests are not allowed in the park. The only exception is for those guests residing in your home with valid ID showing your address. We recognize these persons as part of the same household, but they will only be admitted with valid ID.

As a reminder, all common areas are closed including the pool, lodge, and playgrounds. There are only six comfort stations open ( Big B, Big D, H, M, T, and R/S) due to the sanitizing requirements and the extra time required to be in compliance. Our members are asked to clean up after themselves to keep the comfort stations open. Please use them as you would at home. Any misuse will cause them to be closed and will affect the Labor Day weekend, too.

Members who violate the restrictions or bring in guests, will be fined and also face the loss of Membership privileges including deactivation of gate cards, propane, and honey wagon services.

We regret the need for this action as the majority of our Members have followed the updates and cooperated with the restrictions. We thank all of you doing your best to help the park. Regrettably, some have not. Our employees have been threaten including the breaking of the gate to admit guests that resulted in a police report. A new camera system at the gate and office will video the actions of all.

Campfires are allowed per Management evaluation of local weather conditions and Fire agencies recommendations or directives. Park vehicles display red flags when fires are prohibited.

Our main responsibility is the health and safety of our Members and Employees,  
and we need everyone to help ensure a Happy 4<sup>th</sup> of July for all.
